COUNCIL OF TAKOMA PARK ROOSEVELT GARRISON REACHES HEARS ALARMING REPORT.

That the town of Takoma Park, Md., is daily facing a water famine was the re- Col. Theodore Roosevelt Garrison, A. and port of the water and sewer committee A. U., last night at G. A. R. Hall, the submitted at a meeting of the town coun- initiative was taken in the formation of a cil last evening in Takoma Presbyterian new soldier and sailor organization, to be Church. Mayor W. G. Platt presided, L. known as "The Army and Navy Union of R. Grabill, J. B. Derrick, H. E. Rogers the United States of America." Speakers and E. E. Blodgett and Town Clerk Ben explained that the action was taken be-G. Davis being present.

to the water situation by Councilman unjustly suspended the four local garri-Grabili, chairman of the water commitcold weather more water was used at he had declined to receive a committee night than in the day principally because residents of the park allowed the water to run to keep the pipes from freezing. "On an average of 45,000 gallons of water a night is being wasted," Councilman Grabill said. "It requires six hours a day to pump the town tank full. The pumping plant is closed down at 4:30 o'clock each afternoon, and by 6:30 o'clock the next morning the supply is exhausted.

Ing that the committeemen could only be given consideration as individuals. The suspension of Roosevelt Garrison was referred to as an indignity to an association of which the President of the United States is the first honorary member, and other allegations were made.

A resolution was unanimously adopted setting forth that it was the sense the next morning the supply is exhausted. Taps are left running, with the result that an excessive amount of water is wasted. This was not noticed until the extremely cold weather set in and the supply in the houses the next morning was exhausted. The average amount of water for each citizen is about 300 gallons. "If drastic measures are not adopted at once it will be necessary to install meters to prevent the waste," Councilman Grabill concluded. It was further explained that in the event of a serious fire the town would be without water and the results would be disastrous.

The council decided to have notices Garrison. After this action is taken printed and sent to water users in the the men who have stood by the organpark, directing attention to the ordinances on the subject, the waste that is occurring and its cause, and directing that re-pairs to leaky fixtures be made imme-diately. The water department will in a few days commence an inspection of every residence in the park, and if within one week after the inspection repairs are not made to fixtures the water will be turned off, and the costs charged to the property owners concerned.

Report of the Treasurer.

The monthly report of the town treascouncil. It showed receipts during Noposits, \$10; builders' deposits, \$10, making a total of \$121.56, which with the balance on hand of \$2,801.93, made a grand total of \$2,923.49. The disbursements during the same period were: Pumping plant, \$105.89; sewer system, \$7.50; street work, \$349.51; street lighting, \$47.97; cement walks, \$71.80; general expenses, \$22.45; paid from redemption fund, \$28.61; salaries, \$130; making a total of \$768.73 aries, \$130; making a total of \$768.73, leaving a balance on hand of \$2,150.76. The auditing committee submitted bills amounting to \$102.56, which were approved

and ordered paid.

Action was taken approving the assessment for the construction of cement walks which have been completed at a cost of \$210. The cost was assessed against the abutting property owners as follows:
Mary R. Ridgeway, lot 4, block 8, \$35;
John A. Ridgeway, lot 5, block 8, \$35;
Frederick D. B. Austin, lot 6, block 8, \$35;
Robert B. Humphreys, lot 1, block 9, \$35;
Linscomb & Farnest, trustee, lot 2, and Lipscomb & Earnest, trustees, lots 2 and

Street Improvements.

Councilman Blodgett, chairman of the street committee, reported that the lamps authorized for Ethan Allen avenue, had been erected and that the residents in that section were gratified by reason of the improvement. The council ordered that new crossings

be constructed at Tulip avenue, at east side of Willow avenue and Albany avenue and at east end of Buffalo avenue. The street committee, with the assistance of the mayor was authorized to comable roadway at such time as the county commissioners improve Takoma avenue between Philadelphia and Merrimac avethe improvement. In referring to the de-lay in the work it was explained that the town authorities were waiting for the county commissioners to commence the work, which they promised several months ago. The work, it was said, was progressing rapidly, when it was discovered the county commissioners did not have a the county commissioners did not have a deed for the property. The deed was furnished promptly, but the work was never resumed. The reason for this, it was further explained, was due to the fact that the town of Takoma Park had not commenced its share of the work. In order to show its willingness to complete the im-provement the action stated was taken.

NEWS OF HERNDON.

Postmaster Howard Resigns-His Probable Successor.

Special Correspondence of The Star. HERNDON, Va., December 10, 1907. E. L. Howard has resigned the position of postmaster here, and Mr. Sager, the assistant, will probably be appointed to fill the vacancy. Mr. Howard was formerly a clerk in the pension office, Washington, but resigned that position in order to take the postmastership and to enter the race as the republican candidate for Congress in the eighth congressional district of Virginia in opposition to C. C.

Mr. Howard will probably return to his former position in the pension office. H. P. Huddleston of Washington is spending a few days with his brother, F. W. Huddleston, at Herndon, and Mrs. F. W. Huddleston has returned from her

visit to her father in Oklahoma. L. E. Hutchison, who recently sold his farm on the Little River pike to Mr. King of Albemarle, has purchased the Van Duzen place on the Dranesville road, near

George Robey, formerly connected with George Robey, formerly connected with the Southern Railway Company in the Washington office, is visiting his home here from Petersburg, Va., where he is connected with the Seaboard Air Line. Wirs. C. F. Russell, who has been very ill at her home in Herndon the past year, is sinking very rapidly, and her death is expected at any moment

expected at any moment.

The commuters on the Bluemont branch of the Southern railway have addressed a letter to C. C. Carlin thanking him for his assistance in obtaining a platform at 7th street, Washington, for loading and unloading trains before entering the new Union station. This platform is generally used by the commuters on the road, who find it a great convenience find it a great convenience.

CENTRAL LABOR UNION.

Prominent Speakers to Address Workingmen-Election to Be Held.

It is proposed during the long winter evenings to entertain the members of the Central Labor Union with addresses on current and popular topics, the speakers to be senators, representatives in Congress and other prominent men. A decision to the foregoing effect was reached at the weekly meeting of the central body last night, and President Lorch appointed as a committee to arrange for speakers Messrs. Sam DeNedrey, R. G. M. Ross and C. A. Pfau.

A resolution commending J. L. Rodier as a delegate of the Typographical Union to the Central Labor Union and as vice president of that body was adopted.
Announcement was made that the semi-

annual election of officers for the Central Labor Union is to be held January 6, and indications point toward the election of the following ticket: James F. McHugh, the secretary-treasurer of the International Stonecutters' Union, as president; P. J. Ryan of the Plate Printers' Union, r. J. Ryan of the Plate Printers' Union, vice president; Sam DeNedrey of the Typographical Union, recording secretary; C. E. McClure of the Plate Printers' Union, financial secretary; J. W. Considine of the Sheet Metal Workers' Union, treasurer, and W. W. Winifree of the Carrenters' Union sergent starms. Carpenters' Union, sergeant-at-arms. It is thought that the old board of trustees, comprising Oliver Beaumont of the machinists, N. A. James of the stationary firemen and F. A. McKenna of the plate printers, will be re-elected without oppo-

FEARS WATER FAMINE DUAL SOCIETY FORMED

"PARTING OF THE WAYS."

At a largely attended meeting of the cause the national commander of the The attention of the council was called Army and Navy Union, as alleged, had sons, with an approximate membership of 800 soldiers, sailors and marines." That from one of the garrisons as such, stating that the committeemen could only be

A resolution was unanimously adopted setting forth that it was the sense of the meeting that the garrison make application to the incorporators of the Army and Navy Union of the United States, which organization was incorporated in this city, and is on record in the office of the District recorder of deeds, the articles of incorporation being taken out by members October 5.

Authorized to Issue Charters.

This new body was given the authority to issue charters, and the first charter which will be granted, it was explained, will be to Theodore Roosevelt the men who have stood by the organization bearing the name of the chief executive of the nation declare they will notify him of what has transpired. One of the speakers stated that Roosevelt Garrison was formerly the Roosevelt Club of Soldiers, Sailors and Marines, and as such, clad in Rough Rider khaki uniforms, 200 strong, and headed by a band of seventy-five pieces, it participated in the inauguration parade, March 4, 1904. March 4, 1904.

A communication was read from former department commander of the Spanish War Veterans, Capt. J. Walter Mitchell, urer was submitted and approved by the in which he took sides with the local men, council. It showed receipts during No- and its reading brought forth much apvember as follows: General taxes, \$64.46; special taxes, cement walks, \$21.75; water rents, \$10.35; permits, \$5; plumbers' de-
